School Accreditation

CANADIAN EDUCATION COUNCIL

Canadian Education system is internationally recognized as one of the best learning systems in the English-speaking world.

CEC helps schools to be approved as a Canadian Curriculum School. This is done through receiving Canadian Accreditation/Certification to operate as a Canadian Education Council Accredited Canadian School. All requirements and materials for the Accreditation process are available at CEC's official website.

Advantages of a Canadian education system:

- Extensive Curriculum
- Recognized Credentials
- Enhanced English Language skills
- High quality instructors
- Programs of study available in both English and French
- Offer opportunities for student exchange

All requirements and materials for the Accreditation process are available at CEC's official website

CEC offers Summer Camp Program, supervised for teenagers aged 14 to 18, usually conducted as a part of the academic curriculum for students to fulfill work not accomplished during the academic year.

Its duration is for 11 days and 10 nights, taking place in Montreal & Toronto, Canada, where children get to engage in outdoor activities such as canoeing, archery, and hiking. Other types of entertaining activities involve handicrafts, dramatics, camp and fire-making. Campers sleep in wigwams, tents, or open dormitories. The previous activities will help encourage campers to take responsibility for maintaining his/her own personal space and to develop self-sufficiency.

The primary purpose of many camps is educational, athletic, or cultural development. A summer camp environment may allow children to learn new skills in a safe and nurturing environment. Summer camp experience can have a lasting psychological impact on the development of a child.

Professional Development

Teaching is forever an unfinished profession. Thus, professional development is intrinsic to the vocation of teaching.

How it works:

- 1- Teachers take an assessment test to detect areas of improvement
- 2- Teachers participate in hands-on workshops designed to address their needs
- 3- Teachers retake the test to monitor their progress and evaluate the effectiveness of training program

1- Measurement of Teaching Skills (MTS)

This innovative assessment tool measures the following skills:

1. Planning
2. Classroom Management
3. Teaching Strategies
4. Assessment
5. Professional Responsibilities

- Professional Teaching Workshop
- School Leadership Workshop
- ACCESS for Teachers Workshop
- Professional Canadian Teaching Standards
- 5 standards of practice

Process to identify and close the gap between what students learn and what they need to learn to attain proficiency; Provides a structured conversation to develop and implement instructional strategies to ensure rigorous academic work for all students.

English Course (ESL) With CEC

THE CANADIAN EDUCATION COUNCIL

CEC provides English Courses ESL for adults and Kids.

English as a second language (ESL) was developed to ensure that English language learners have the maximum opportunity to become proficient in English and achieve the highest levels of literacy that are expected.

الفرق بين online store وال marketplace
الفرق كبير فالمفهوم بين الاتنين marketplace website بالنسبة 1- multi-vendor platform معنا
بمعني هو متجر يقدر البائعين من خلاله بيع منتجاتهم والسلع وبشترك العديد من التجار به لعرض سلعتهم او خدمتهم وتستطيع من خلال الموقع اضافة التجار والسلع مقسمة كمثل jumia Egypt او Souq

2 - اما بالنسبة لل online store فهو (single vendor website) بائع واحد فقط يقوم بعرض منتجاته او خدماته كمثل موقع Samsung يقوم بعرض منتجات البراند فقط بالنسبة للموبلات والاجهزة الكهربائية
معانا فشركة corpy هنقوم بتصميم موقعك سواء كان marketplace او online store قم بالتسجيل وسيتم التواصل معكم وعرض الباقات المناسبة اليكم
